

HITCHCOCK NAMES ADVICE COMMITTEE

Taft's Brother One of Nine
from Various States.

REAL DUTY TO RAISE FUNDS

National Chairman Recently Told
President Something Must Be
Done, and as Result of Conference
a Subcommittee Representing All
States Is Yet to Be Appointed.

New York, Aug. 22.—Before Chairman Frank H. Hitchcock of the Republican National Committee, left town to-day for the conference he is to hold in Boston and Portland next week with the leaders of the New England States, he announced the make-up of the advisory committee of nine. The committee comprises Richard A. Ballinger, of Washington; Cornelius N. Elias, New York; Powell Clayton, Arkansas; W. Murray Crane, Massachusetts; William Nelson Cromwell, New York; John Hays Hammond, Massachusetts; Franklin Murphy, New Jersey; Charles P. Taft, Ohio, and Arthur I. Vorys, Ohio. Elmer Dover, who until a week ago was secretary of the Republican National Committee, was named as the secretary of the advisory committee at a similar salary to that which he got as the secretary of the national committee.

Although the ostensible purpose of the appointment of the committee is to assist Mr. Hitchcock in running the national campaign, the real work of the committee will be devoted to raising funds. So far very little money has been received by the national committee. In fact, the contributions which have come in up to this time have not been sufficient to pay the expenses of the headquarters in this city and in Chicago.

Warning of President.

When Mr. Hitchcock and James S. Sherman were at Oyster Bay on Thursday they told the President that unless something was done quickly the Republican campaign would suffer for want of money. Before Mr. Hitchcock went to Oyster Bay he had decided to appoint a fat-trying committee of nine, but as a result of the talk he and Mr. Sherman had with President Roosevelt on the financial outlook, it was determined on the advice of the President to get together another committee, which should comprise a representative from every State of the Union.

This supplementary committee will work under the direction of the advisory committee and will be charged with the raising of funds in the various States. The advisory committee will have its headquarters in the Metropolitan Building, on the floor above that now occupied by the national committee. The quarters will be opened on Monday, with Mr. Dover in charge, and the work of sending out solicitations for money will be begun.

RHINOCEP RENOMINATED.

Kentucky Democrats Favor Him for Congress.

Cincinnati, Ohio, Aug. 22.—Representative Joseph L. Rhinocap was to-day renominated for the third time by primary vote by the Democrats of the Sixth Congressional district of Kentucky, embracing eight counties.

Representative Rhinocap, whose home is in Covington, had five competitors, and the latest returns to-night indicate that he led them all by about 500 votes. Representative Rhinocap is president of the Latonia Jockey Club, and is largely interested in theatrical ventures in this and other cities. The nomination is equivalent to election.

WEATHER CONDITIONS.

U. S. Dept. of Agriculture, Weather Bureau.

Since Friday night there have been showers in the Atlantic and Gulf States, the Upper Ohio and Lower Missouri valleys, the Northern Upper Lake region, the Lower Arkansas Valley, the Rocky Mountain region, and the extreme Southwest. DENOUNCE "BRYAN BOSSISM."

Senator Smith and President's Son-in-law Talk at Picnic.

Cleveland, Ohio, Aug. 22.—Fifty thousand people attended the picnic of the League of Republican Club of Cuyahoga County at Luna Park to-day. Senator William Alden Smith and Representative Nicholas Longworth were the principal speakers.

They arrived Friday evening and spent the night at the Union Club. Mrs. Alice Roosevelt Longworth did not accompany her husband here.

Senator Smith, the principal speaker, said:

"I don't think much of Bryan's policies. They don't seem original. Even though he should be elected President, his hands will be tied by a Republican Senate. Taft will surely carry Ohio, and will make a clean sweep of all the doubtful States."

Representative Longworth said: "I met many Democrats from the East in the park and went over the situation thoroughly with them."

"They don't seem to be much impressed with Bryan. In fact, the best they could say of him would be unprintable in a newspaper. I believe Taft will have no difficulty in winning easily."

"Confidence in the Republican party is strong, and the Westerners will back him to a unit."

"I attended both conventions, and that at Denver was the most boss-ridden meeting I have ever seen. Bryan ran it by long-distance telephone from Lincoln, and the delegates were mere figure-heads. There is absolutely no question but that Bryan will again be defeated."

BURTON LOSES FIGHT

Drops Out in the Delaware Republican Primaries.

DEFEATED IN HOME DISTRICT

Simon S. Pennewill, Former State Senator, Nominated for Governor, Is the Youngest Candidate Ever Selected—Organization Ticket Victorious Throughout the State.

Dover, Del., Aug. 22.—Complete returns from the Republican primary election throughout the State indicate to-night that the Republican organization has carried the elections with remarkable regularity, and that only in two districts in Kent and three in Sussex will there be any contests against the organization programme on Tuesday of Pennewill for governor and Heald for Congress.

Burton Is Defeated.

The organization ticket, led by Charles H. Maul, was victorious over Representative Burton's ticket in Burton's own home district of Sussex. This, it is conceded, will greatly cripple Burton's chances for a third term in Congress, if not altogether eliminate him.

Maul's plurality over Burton is 41. The organization suffered defeat in one of Pennewill's home districts. All interest centered in the fight in Pennewill's own assembly district, and particularly the voting place at Bridgeville. Here Pennewill's ticket won by a vote of 325, against a vote of 142 for the opposition, led by Col. Harry Viven. Pennewill's delegates are Harry L. Cannon, Jabez Wiley, and Charles H. Kinder.

Had Complete Control.

The defeated anti-organization ticket contained the names of W. Todd, J. E. Layton, and Thomas Ake. Not more than fifty voters cast ballot in all Dover, the organization had such complete sway. Solid delegations were elected for Frank Hall Davis, for attorney general, as well as Pennewill and Heald. Simon S. Pennewill, the former State senator, who has carried the State for governor, will be the youngest nominee ever selected. William H. Heald, the Republican nominee for Congress, was recently postmaster of Wilmington.

MAGOON TO VISIT TAFT.

Cuba's Governor Will Spend To-day with the Candidate.

Charles E. Magoon, provisional governor of Cuba, left Washington last night for Hot Springs, Va., to spend the week-end as the guest of Mr. and Mrs. Taft.

Gov. Magoon had a conference at the War Department yesterday with Secretary of War Luke E. Wright. At his conclusion it was announced the Cuban political situation was discussed in a general way, and that no decision had been reached.

Gov. Magoon will return to Washington Friday. He will spend the following day he will visit President Roosevelt at Sagamore Hill.

After his visit to Sagamore Hill, it is expected several important announcements regarding the coming Presidential election in Cuba will be made. He expects to return to Havana about September 1.

SUES EX-SENATOR BUTLER.

Spencer B. Adams Asks \$50,000 on Charges of Libel.

Greensboro, N. C., Aug. 22.—Republican State Chairman Spencer B. Adams instituted a suit in the Supreme Court of Guilford County to-day for \$50,000 damages for libel against former United States Senator Marion Butler and Lester F. Butler.

Lester F. Butler is a brother of the former Senator, and the manager of the Raleigh Caucasian, the newspaper which caused the suit.

Adams also threatens suit against the newspaper as soon as the legal notice has been given.

The case grows out of charges of fraud against Chairman Adams while he was chief justice of the Choctaw and Chickasaw Circuit Court several years ago in the then Indian Territory. Butler's paper reiterated the charges in this week's issue, and it is understood that the complaint, when filed, will charge that ex-Senator Butler, who lives in Washington, maliciously circulated the Indian Territory scandal there. Adams and Butler have been bitter political foes for the past year. The Republican State convention meets next Wednesday at Charlotte, and enemies of Adams charge that his suit is a bluff intended to strengthen him in his effort to succeed himself as State chairman.

While you think of it, telephone your Want Ad. to The Washington Herald, and bill will be sent you at 1 cent a word.

RAILROAD WORKERS ARE FOR MR. BRYAN

Nebraska Unionists Serve Notice to Republicans.

WANT TO NAME STATE SLATE

Association Officers Claim They Have 22,000 Voters to Place in Democratic Nominee's State, and Make Threats to Place These for Him Unless Square Deal Is Given.

Lincoln, Neb., Aug. 22.—More grief came to the State Republican managers to-day when notice was indirectly served that the railroad workers' Association slate for State officers is accepted by the party voters the State will be turned over to Bryan, if the votes of members can do it.

The association officers claim they have 22,000 men who work for or are affiliated with railroad corporations who have decided the railroad betting in Nebraska must stop. They say there shall be no further reduction in rates and that the railroad shall be permitted to run their business without a lot of red tape on the part of the State, and without unnecessary interference. They have marked Railroad Commissioner Williams, who is a candidate for re-election, for slaughter because he has led in the fight for lower rates.

Select Their Candidates.

A full list of recommendations as to candidates including every State office down to State senators was made public to-day. These candidates must run the gamut of the primaries on September 1, and politicians generally accept the action of the employees' association as a direct challenge to the farmers, who are most rampant lower rates advocates, to fight it out.

Democratic national headquarters at Chicago next week will be in charge of Vice Chairman P. L. Hall, of Lincoln. While Chairman Mack is in the East. Both men will attend the notification of Vice Presidential Nominee Kern at Indianapolis on Tuesday. From the Mack will go to New York for a general survey of the situation in that State and New England.

MCKINLAY TO STUMP EAST

California Representative Says Taft's Election Will Help.

Declares It Will Mean Wider Markets on the Pacific Coast and Elsewhere in the Union.

Chicago, Aug. 22.—The need of William H. Taft's election as President, that the markets of the Orient may be opened more widely to the products of the United States, is the message from the Pacific Coast States to those of the Atlantic which Chairman Frank Hitchcock and other Republican leaders believe will swing Vermont and Maine for Taft in their early elections and have great weight in bringing the other Eastern States into the Republican column in November.

Representative D. E. McKinlay, of California, is the messenger. He has been sent for by Chairman Hitchcock to carry the gospel of expansion into Vermont, and he was at the national headquarters for a few hours to-day, prior to taking a train for New York City. He will call at the New York headquarters to-morrow afternoon and will meet Mr. Hitchcock in Boston on Monday.

Mr. McKinlay advocated the abolition of all tariffs between the United States and the Philippine Islands, and the establishment of new steamship lines to carry the commerce of the country across the Pacific. He will speak to a diplomat and of his record as a constructive statesman. Mr. McKinlay accompanied the former War Secretary on his trip through the Orient and is well advised.

"Mr. Taft's handling of the Oriental labor question without embroiling this country has won the affection of the coast States," Mr. McKinlay continued, "and Mr. Bryan can look for little support there. California will give Taft a plurality of not less than 50,000."

HOME TOWN DOWNS KNAPP.

Defeated for Delegate to Clinton County Convention.

Plattsburg, N. Y., Aug. 22.—Senator Knapp, who voted against the race track bill, was to-day defeated by a vote of over two to one for election as a delegate from his town to the Clinton County Republican convention. For the first time in a number of years he will not have a seat in the convention. The organization under the leadership of State Commissioner John F. O'Brien, was successful in every town.

SENATOR ALDRICH SATISFIED.

Pleased with Results of Monetary Conferences in London.

London, Aug. 22.—The American monetary commission dispersed to-day. "It has been most satisfactory," said Senator Aldrich. "We have obtained all the information we wanted, and everybody has been most kind."

Most of the members left for home to-day. Messrs. Aldrich, Smoot, Burton, Baker, and Moore left by the St. Paul. Senator Hale leaves by the Mauretania.

STANDING FORGETS A DATE.

Actor Cables that He's Coming Home from London.

New York, Aug. 22.—The managers of Guy Standing, the actor, received to-day a cable dispatch from him dated London. Standing cabled that he had seen accounts in the London papers of his disappearance, and that that was the first he recalled anything of his engagement here.

He will return to New York immediately. Standing has the principal part in "The Right of Way," which is rehearsing here.

MUST NOT BLOW WHISTLE.

Judicial Order Prevents Factory Noise in New York.

New York, Aug. 22.—Vice Chancellor Howell at Newark to-day made an order restraining the firm of August Fink & Co. from blowing the factory whistle. Adolph C. Fink, a member of the firm, in answer to a question from the vice chancellor, said:

"We could readily enough do away with the whistle, but we run a union establishment, and the union stipulates that a whistle must be blown at starting and quitting time. If we can get permission from the union, we shall be glad to stop using the whistle."

Drives Off Attacking Bandits with Her Trusty Revolver.

Mexico City, Aug. 22.—H. L. Blonhart, an American mining man, accompanied by his wife, was traveling along a Mexican road near Toluca a couple of days ago when he was attacked by bandits. Mrs. Blonhart drew a pistol and drove off the brigands.

CONQUER IN A WEEK

Army Officers Win Praise of Capt. Baldwin.

THREE FLIGHTS ARE PERFECT

Big Dirigible Bought by Government Will Be Folded Up for Future Wars and Inventor Will Depart with Good Will of Uncle Sam, After Series of Demonstrations.

Three flights of six minutes each were made in the Baldwin dirigible by Lieuts. Lahm, Foulais, and Selfridge at Fort Myer yesterday. Capt. Baldwin's pupils have become so proficient and skillful at handling his balloon that he found but little to do yesterday, except look on in admiration.

The balloon, while in charge of Lieut. Foulais, at the engine, and Lieut. Lahm at the rudder, soared probably 50 feet on the first trip, and was steered past the parade grounds. Lieut. Lahm steered the dirigible so as to describe the figure eight in midair, and experienced no difficulty in making sharp turns while the Curtiss motor was pulling the giant gas bag at a rate of about fifteen or sixteen miles an hour.

Instructor Baldwin said last night that the three officers had a thorough knowledge of the balloon and its workings, and all that is necessary now is for them to continue practicing and become perfect.

To Be Laid Away.

Capt. Baldwin expects to close his school of aeronautical instruction by Wednesday of this week. After the trial flights by the officers, the dirigible will be deflated and folded up for possible future use in war.

The inventor of the Baldwin machine probably will get a check for the dirigible within the present week. According to the figures of the aeronautical board of test of the Signal Corps, Capt. Baldwin's machine developed only 85 per cent of the speed necessary to make the purchase price \$5,000. As matters stand he is entitled under the ruling of the board to only \$3,375 for the dirigible. This would be the price for a dirigible which developed a speed of only nineteen miles. Capt. Baldwin's machine showed a speed of 18.6 miles an hour, but in the specifications of the War Department no provision was made for credit for fractional parts of miles.

Capt. Baldwin in Favor.

It is understood that the board is very favorably inclined toward Capt. Baldwin, and has put it up to the Commander of the Treasury to decide whether he should receive pay for the sixty-one one-hundredths of a mile. If Capt. Baldwin is paid for the fractional part of the twentieth, he will be more than \$1,000 richer, as each mile his machine made over sixteen miles an hour was worth \$1500 to him.

Capt. Baldwin will start out on a tour of the country giving exhibition airship flights after leaving Washington. At the close of his tour he will begin work on the dirigibles to be used on the aerial passenger line to be established between Boston and New York by Millionaire Glidden.

BAR BETTING OFFICIALS.

New York Tennis Tournament Secretary Replaces Sporty Judge.

Newport, R. I., Aug. 22.—Enforced abandonment of competitions in the national lawn tennis championship tournament to-day because of the rain afforded the committee opportunity to straighten up the laps of conditions and the linesmen problem.

T. Hawkins, secretary of the national association, with Frederick B. Alexander as his lieutenant, applied themselves to revising the list of those ready to serve as officials for the finals.

While this was being done it came out that the real difficulty was that there was so much general betting upon the outcome of the contests and tournament that to find officials who had not a financial interest in the outcome was like hunting for needles in haystacks.

Hence the men who were qualified to take the chairs refrained from so doing, and matches, therefore, went without officials. Assurances, however, were spread among the players that officials will be on hand at all of the remaining matches.

CONGRATULATE BEVERIDGE.

Boston, Aug. 22.—Telegrams of congratulations have begun to arrive at the summer home of Senator and Mrs. Albert J. Beveridge, at Smithpoint, Manchester-by-the-Sea, over the birth of their first child, a healthy ten-pound boy, which arrived Friday. Senator Beveridge and his wife came to Manchester-by-the-Sea more than a month ago, accompanied by Mrs. Beveridge's mother.

The Rockwell cottage, on Smithpoint, was selected for the summer because of the old associations of the Eddy family. Mrs. Beveridge's folks, with it. It was in the same house where the Beveridge baby was born yesterday that Mrs. Eddy passed many of her girlhood summers. The first Mrs. Beveridge died eight years ago.
